

## § 648.60

## 50 CFR Ch. VI (10–1–11 Edition)

Area trip shall count against that vessel's IFQ.

[71 FR 33228, June 8, 2006, as amended at 73 FR 30807, May 29, 2008; 73 FR 30808, May 29, 2008; 73 FR 54736, Sept. 23, 2008; 76 FR 43769, 43791, July 21, 2011]

EFFECTIVE DATE NOTE: At 76 FR 31494, June 1, 2011, in § 648.59 paragraph (d) was suspended, effective June 1, 2011 through November 28, 2011.

### § 648.60 Sea scallop area access program requirements.

(a) A limited access scallop vessel may only fish in the Sea Scallop Access Areas specified in § 648.59, subject to the seasonal restrictions specified in § 648.59, when fishing under a scallop DAS, provided the vessel complies with the requirements specified in paragraphs (a)(1) through (a)(9), and (b) through (f) of this section. An LAGC scallop vessel may fish in the Sea Scallop Access Areas specified in § 648.59, subject to the seasonal restrictions specified in § 648.59, provided the vessel complies with the requirements specified in paragraph (g) of this section.

(1) *VMS.* Each vessel participating in the Sea Scallop Access Area Program must have installed on board an operational VMS unit that meets the minimum performance criteria specified in §§ 648.9 and 648.10, and paragraph (e) of this section.

(2) Vessels participating in the Sea Scallop Access Area Program must comply with the trip declaration requirements specified in § 648.10(f) and vessel notification requirements specified in § 648.11(g) for observer deployment.

(3) *Number of Sea Scallop Access Area trips*—(i) *Limited access vessel trips.* (A) Except as provided in paragraph (c) of this section, paragraphs (a)(3)(i)(B) through (E) of this section specify the total number of trips that a limited access scallop vessel may take into Sea Scallop Access Areas during applicable seasons specified in § 648.59. The number of trips per vessel in any one Sea Scallop Access Area may not exceed the maximum number of trips allocated for such Sea Scallop Access Area as specified in § 648.59, unless the vessel owner has exchanged a trip with another vessel owner for an additional Sea Scallop Access Area trip, as speci-

fied in paragraph (a)(3)(ii) of this section, or has been allocated a compensation trip pursuant to paragraph (c) of this section.

(I) In fishing year 2011, if a full-time vessel engages in trip exchanges, as specified in § 648.60(a)(3)(ii), prior to the implementation of Framework 22, resulting in such vessel receiving a total of five access area trips due to the mid-year implementation of Framework 22, the vessel must relinquish one trip of the vessel owner's choice in fishing year 2011 from its available access area trip allocation in order not to exceed the allocation of four trips as specified in paragraph (a)(3)(i)(B) of this section. As soon as possible after the implementation of Framework 22, NMFS shall send a notification letter to the owner of such a vessel regarding the requirement that one of the vessel's unused access area trips must be relinquished in fishing year 2011 to account for the previous trip exchange. The vessel owner will be given the opportunity to select the area from which the trip will be deducted, with NMFS determining the area if the vessel owner fails to respond within 30 days according to instructions provided in such letter.

(2) [Reserved]

(B) *Full-time scallop vessels.*—(1) In fishing year 2011, each full-time vessel shall have a total of four access area trips and is subject to the following seasonal trip restrictions specified in paragraph (a)(3)(i)(B)(4) of this section. All full-time scallop vessels shall be allocated one trip in the Delmarva Access Area, one trip into the Hudson Canyon Access Area, and one trip into the Closed Area I Access Area. In addition, each vessel shall receive either an additional trip into the Closed Area I Access Area or a trip into the Closed Area II Access Area. These allocations shall be determined by the Regional Administrator through a random assignment and shall be made publically available on the Northeast Regional website prior to the start of the 2011 fishing year.

(2) In fishing year 2012, each full-time vessel shall have a total of four access area trips and is subject to the following seasonal trip restrictions specified in paragraph (a)(3)(i)(B)(4) of this

section. All full-time vessels shall receive one trip into the Closed Area II Access Area and one trip into the Hudson Canyon Access Area. Each vessel shall also receive an additional two access area trips that must be allocated in one of the following combinations: One trip in the Closed Area I Access Area and one trip in the Nantucket Lightship Access Area; one trip in the Closed Area I Access Area and one additional trip in the Hudson Canyon Access Area; one trip in the Closed Area I Access Area and one trip in the Delmarva Access Area; one trip in the Nantucket Lightship Access Area and an additional trip in the Hudson Canyon Access Area; one trip in the Nantucket Lightship Access Area and one trip in the Delmarva Access Area; or an additional trip in the Hudson Canyon Access Area and one in the Delmarva Access Area. These allocations shall be determined by the Regional Administrator through a random assignment and shall be made publically available prior to the start of the 2012 fishing year. A full description of the random assignment process for FY 2012 is outlined in Section 2.4.2 of Framework 22 to the Scallop Fishery Management Plan.

(3) At the start of fishing year 2013, each full-time vessel shall have a total of four access area trips and are subject to the following seasonal trip restrictions specified in paragraph (a)(3)(i)(B)(4) of this section. The access area trip allocations for the 2013 fishing year are default allocations that are subject to change in a future framework adjustment. All full-time scallop vessels shall be allocated one trip in the Closed Area II Access Area, one trip in the Nantucket Lightship Access Area, and one trip in the Hudson Canyon Access Area. In addition, each vessel shall receive either an additional trip in the Hudson Canyon Access Area or in the Delmarva Access Area. These allocations shall be determined by the Regional Administrator through a random assignment and will be made publically available prior to the start of the 2013 fishing year. A full description of the random assignment process for FY 2013 is outlined in Section 2.4.2 of Framework 22 to the Scallop Fishery Management Plan.

(4) A full-time scallop vessel may not fish for, possess, or retain more than a combined total of 18,000 lb (8,165 kg) of scallops during the period June 15 through October 31, the equivalent of one full trip possession limit specified in § 648.60(a)(5)(i), during this time period from the Delmarva and Hudson Canyon Access Areas specified in § 648.59(a) and (e). For example, a full-time vessel may possess or land up to 18,000 lb (8,165 kg) from the Hudson Canyon Access Area, up to 18,000 lb (8,165 kg) from the Delmarva Access Area, or up to 18,000 lb (8,165 kg) combined from separate trips into each access area during June 15 through October 31. The remaining access area trips may be taken during the remainder of the fishing year. These possession and landing restrictions do not include the additional possession allowance to defray the cost of carrying an observer as specified in § 648.60(d) that occur during observed trips between June 15 through October 31. In addition, if the owner of a full-time vessel has exchanged a trip(s) with another vessel owner(s) so that the vessel has an allocation of four combined trips into the Delmarva and/or Hudson Canyon Access Areas, that vessel may not fish for, possess, or retain more than a combined total of 36,000 lb (16,329 kg) of scallops, the equivalent of two full trip possession limits specified in § 648.60(a)(5)(i), during this time period from the Delmarva and/or Hudson Canyon Access Areas combined.

(i) If, prior to the implementation of Framework 22, a full-time vessel with less than four total Mid-Atlantic access trips possesses or lands more than 18,000 lb (8,165 kg) from declared access area trips into the Delmarva and Hudson Canyon Access Areas during June 15 through October 31 in fishing year 2011, that vessel shall not declare an access area trip in fishing year 2012 in the Mid-Atlantic during June 15 through October 31. Alternatively, a full-time vessel could account for the overage by exchanging trips with another vessel(s) so that it has an allocation of a total of four Mid-Atlantic trips and continue to fish up to a maximum of 36,000 lb (16,329 kg) (i.e., the equivalent of two full-time limited access trips) through October 31, 2011.

(ii) [Reserved]

(C) *Part-time scallop vessels.* (1) For the 2011 fishing year, a part-time scallop vessel is allocated two trips that may be distributed between access areas as follows: Two trips in the Closed Area I Access Area; one trip in the Closed Area I Access Area and one trip in the Closed Area II Access Area; one trip in the Closed Area I Access Area and one trip in the Hudson Canyon Access Area; one trip in the Closed Area I Access Area and one trip in the Delmarva Access Area; one trip in the Closed Area II Access Area and one trip in the Hudson Canyon Access Area; one trip in the Closed Area II Access Area and one trip in the Delmarva Access Area; or one trip in the Hudson Canyon Access Area and one trip in the Delmarva Access Area. Part-time vessels are subject to the seasonal trip restrictions specified in paragraph (a)(3)(i)(C)(4) of this section.

(2) For the 2012 fishing year, a part-time scallop vessel is allocated two trips that may be distributed between access areas as follows: Two trips in the Hudson Canyon Access Area; one trip in the Closed Area I Access Area and one trip in the Nantucket Lightship Access Area; one trip in the Closed Area I Access Area and one trip in the Hudson Canyon Access Area; one trip in the Closed Area I Access Area and one trip in the Delmarva Access Area; one trip in the Nantucket Lightship Access Area and one trip in the Hudson Canyon Access Area; one trip in the Nantucket Lightship Access Area and one trip in the Delmarva Access Area; or one trip in the Hudson Canyon Access Area and one trip in the Delmarva Access Area. Part-time vessels are subject to the seasonal trip restrictions specified in paragraph (a)(3)(i)(C)(4) of this section.

(3) For the 2013 fishing year, a part-time scallop vessel is allocated two trips that may be distributed between access areas as follows: Two trips in the Hudson Canyon Access Area; one trip in the Closed Area II Access Area and one trip in the Nantucket Lightship Access Area; one trip in the Closed Area II Access Area and one trip in the Hudson Canyon Access Area; one trip in the Closed Area II Access Area and one trip in the Delmarva Access Area; and one trip in the Delmarva Access

Area; one trip in the Nantucket Lightship Access Area and one trip in the Hudson Canyon Access Area; one trip in the Nantucket Lightship Access Area and one trip in the Delmarva Access Area; or one trip in the Hudson Canyon Access Area and one trip in the Delmarva Access Area. Part-time vessels are subject to the seasonal trip restrictions specified in paragraph (a)(3)(i)(C)(4) of this section. The access area trip allocations for the 2013 fishing year are default allocations and are subject to change in a future framework adjustment.

(4) A part-time scallop vessel may not fish for, possess, or retain more than a combined total of 14,400 lb (6,532 kg) of scallops, the equivalent of one full trip possession limit specified in § 648.60(a)(5)(i), during the period June 15 through October 31 from the Delmarva and Hudson Canyon Access Areas specified in § 648.59(a) and (e). For example, a part-time vessel may possess or land up to 14,400 lb (6,532 kg) from the Hudson Canyon Access Area, up to 14,400 lb (6,532 kg) from the Delmarva Access Area, or up to 14,400 lb (6,532 kg) combined from separate trips into each access area during June 15 through October 31. The remaining access area trips allocated to part-time vessels may be taken in the Hudson Canyon Access Area or Delmarva Access Area during the remainder of the fishing year, or taken in a different access area during the period of June 15 through October 31. These possession and landing restrictions do not include the additional possession allowance to defray the cost of carrying an observer as specified in § 648.60(d) that occur during observed trips between June 15 through October 31.

(i) If, prior to the implementation of Framework 22, a part-time vessel possesses or lands more than 14,400 lb (6,532 kg) from declared access area trips into the Delmarva and Hudson Canyon Access Areas combined during June 15 through October 31 in fishing year 2011, that vessel shall not declare an access area trip in fishing year 2012 in the Mid-Atlantic during June 15 through October 31.

(ii) [Reserved]

(D) *Occasional scallop vessels.* (1) For the 2011 fishing year, an occasional

scallop vessel may take one trip in the Closed Area I Access Area, or one trip in the Closed Area II Access Area, or one trip in the Hudson Canyon Access Area, or one trip in the Delmarva Access Area.

(2) For the 2012 fishing year, an occasional scallop vessel may take one trip in the Hudson Canyon Access Area, or one trip in the Closed Area I Access Area, or one trip in the Closed Area II Access Area, or one trip in the Nantucket Lightship Access Area, or one trip in the Delmarva Access Area.

(3) For the 2013 fishing year, an occasional scallop vessel may take one trip in the Hudson Canyon Access Area, or one trip in the Closed Area II Access Area, or one trip in the Nantucket Lightship Access Area, or one trip in the Delmarva Access Area. The access area trip allocations for the 2013 fishing year are default allocations and are subject to change in a future framework adjustment.

(E) [Reserved]

(ii) *One-for-one area access trip exchanges.* If the total number of trips allocated to a vessel into all Sea Scallop Access Areas combined is more than one, the owner of a vessel issued a limited access scallop permit may exchange, on a one-for-one basis, unutilized trips into one access area for another vessel's unutilized trips into another Sea Scallop Access Area. One-for-one exchanges may be made only between vessels with the same permit category. For example, a full-time vessel may not exchange trips with a part-time vessel, and vice versa. Vessel owners must request the exchange of trips by submitting a completed Trip Exchange Form at least 15 days before the date on which the applicant desires the exchange to be effective. Trip exchange forms are available from the Regional Administrator upon request. Each vessel owner involved in an exchange is required to submit a completed Trip Exchange Form. The Regional Administrator shall review the records for each vessel to confirm that each vessel has unutilized trips remaining to exchange. The exchange is not effective until the vessel owner(s) receive a confirmation in writing from the Regional Administrator that the trip exchange has been made effective. A vessel owner may ex-

change trips between two or more vessels under his/her ownership. A vessel owner holding a Confirmation of Permit History is not eligible to exchange trips between another vessel and the vessel for which a Confirmation of Permit History has been issued.

(A) *Trip exchanges involving Elephant Trunk Access Area trips that occur in the 2011 fishing year prior to the implementation of Framework 22.* See § 648.53(b)(4)(vii).

(B) [Reserved]

(iii) [Reserved]

(4) *Area fished.* While on a Sea Scallop Access Area trip, a vessel may not fish for, possess, or land scallops in or from areas outside the Sea Scallop Access Area in which the vessel operator has declared the vessel will fish during that trip, and may not enter or exit the specific declared Sea Scallop Access Area more than once per trip. A vessel on a Sea Scallop Access Area trip may not enter or be in another Sea Scallop Access Area on the same trip except such vessel may transit another Sea Scallop Access Area provided its gear is stowed in accordance with § 648.23(b).

(i) *Reallocation of trips into open areas.* If the yellowtail flounder TAC allocated for a Scallop Access Area specified in § 648.59(b) through (d) has been harvested and such area has been closed, a vessel with trips remaining to be taken in such Access Areas may fish the remaining DAS associated with the unused trip(s) in Open Areas, up to the maximum DAS specified in § 648.53(b)(4)(i) through (iii).

(ii) [Reserved]

(5) *Possession and landing limits—(i) Scallop possession limits.* Unless authorized by the Regional Administrator, as specified in paragraphs (c) and (d) of this section, after declaring a trip into a Sea Scallop Access Area, a vessel owner or operator of a limited access scallop vessel may fish for, possess, and land, per trip, scallops, up to the maximum amounts specified in the table in this paragraph (a)(5). Full-time and part-time vessels shall not fish for, possess, or retain more than 18,000 lb (8,165 kg) and 14,400 lb (6,532 kg), respectively, of scallops from the Hudson Canyon and Delmarva Access Areas, combined, from trips taken between

§ 648.60

50 CFR Ch. VI (10–1–11 Edition)

June 15 and October 31 (i.e., the equivalent of one full trip based on permit category). In addition, if the owner of a full-time vessel has exchanged a trip(s) with another vessel owner(s) so that the vessel has a total allocation of four combined trips into the Delmarva and/or Hudson Canyon Access Areas, that vessel may not fish for, possess, or retain more than a combined total of 36,000 lb (16,329 kg) of scallops, the equivalent of two full trip possession limits specified in paragraph (a)(5)(i) of this section, during this time period

from the Delmarva and/or Hudson Canyon Access Areas. These possession and landing restrictions do not include the additional possession allowance to defray the cost of carrying an observer as specified in paragraph (d) of this section that occur during observed trips between June 15 and October 31. No vessel declared into the Access Areas as described in § 648.59(a) through (e) may possess more than 50 bu (17.62 hL) of in-shell scallops outside of the Access Areas described in § 648.59(a) through (e).

Fishing year	Permit category possession limit		
	Full-time	Part-time	Occasional
2010 .....	18,000 lb (8,165 kg)	14,400 lb (6,532 kg)	6,000 lb (2,722 kg)
2012 .....	18,000 lb (8,165 kg)	14,400 lb (6,532 kg)	6,000 lb (2,722 kg)
2013 .....	18,000 lb (8,165 kg)	14,400 lb (6,532 kg)	6,000 lb (2,722 kg)

(ii) *NE multispecies possession limits and yellowtail flounder TACs.* A limited access scallop vessel that is declared into a trip and fishing within the Sea Scallop Access Areas described in § 648.59(b) through (d), and issued a valid NE multispecies permit as specified in § 648.4(a)(1), may fish for, possess, and land, per trip, up to a maximum of 1,000 lb (453.6 kg) of all NE multispecies combined, excluding yellowtail flounder, subject to the minimum commercial fish size restrictions specified in § 648.83(a)(1), and the additional restrictions for Atlantic cod, haddock, and yellowtail flounder specified in paragraphs (a)(5)(ii)(A) through (C) of this section. Such vessel is subject to the seasonal restriction established under the Sea Scallop Area Access Program and specified in § 648.59(b)(4), (c)(4), and (d)(4).

(A) *Atlantic cod.* Such vessel may bring onboard and possess only up to 100 lb (45.4 kg) of Atlantic cod per trip, provided such fish is intended for personal use only and cannot be not sold, traded, or bartered.

(B) *Haddock.* Such vessels may possess and land haddock up to the overall possession limit of all NE multispecies combined, as specified in paragraph (a)(5)(ii) of this section, except that such vessels are prohibited from possessing or landing haddock from January 1 through June 30.

(C) *Yellowtail flounder.* Such vessel must retain all yellowtail flounder that meet the minimum size restrictions specified under § 648.83(a)(1).

(1) *Scallop Access Area TAC Availability.* After declaring a trip into and fishing within the Closed Area I, Closed Area II, or Nantucket Lightship Scallop Access Areas described in § 648.59(b), (c), and (d), respectively, a scallop vessel that has a valid NE multispecies permit, as specified in § 648.4(a)(1), may possess and land yellowtail flounder, provided the Regional Administrator has not issued a notice that the scallop fishery portion of the TACs specified in § 648.85(c) for the respective Closed Area I, Closed Area II, or Nantucket Lightship Scallop Access Areas have been harvested. The Regional Administrator shall publish notification in the FEDERAL REGISTER, in accordance with the Administrative Procedure Act, to notify scallop vessel owners that the scallop fishery portions of the TAC for a yellowtail flounder stock has been or is projected to be harvested by scallop vessels in any Access Area. Upon notification in the FEDERAL REGISTER that a TAC has been or is projected to be harvested, scallop vessels are prohibited from fishing in, and declaring and initiating a trip to the Access Area(s), where the TAC applies, for the remainder of the fishing year, unless the yellowtail flounder TAC is increased,

## Fishery Conservation and Management

## § 648.60

as specified in paragraph (a)(5)(ii)(C)(3) of this section.

(2) *U.S./Canada Area TAC availability.* After declaring a trip into and fishing in the Closed Area I or Closed Area II Access Area described in § 648.59(b) and (c), a scallop vessel that has a valid NE multispecies permit, as specified in § 648.4(a)(1), may possess and land yellowtail flounder, provided that the Regional Administrator has not issued a notice that the U.S./Canada yellowtail flounder TAC specified in § 648.85(a)(2) has been harvested. If the yellowtail flounder TAC established for the U.S./Canada Management Area pursuant to § 648.85(a)(2) has been or is projected to be harvested, as described in § 648.85(a)(3)(iv)(C)(3), scallop vessels are prohibited from possessing or landing yellowtail flounder in or from the Closed Area I and Closed Area II Access Areas.

(3) *Modification to yellowtail flounder TACs.* The yellowtail flounder TACs allocated to scallop vessels may be increased by the Regional Administrator after December 1 of each year pursuant to § 648.85(c)(2).

(iii)–(iv) [Reserved]

(6) *Gear restrictions.* (i) The minimum ring size for dredge gear used by a vessel fishing on a Sea Scallop Access Area trip is 4 inches (10.2 cm) in diameter. Dredge or trawl gear used by a vessel fishing on a Sea Scallop Access Area trip must be in accordance with the restrictions specified in § 648.51(a) and (b).

(ii) Vessels fishing in the Closed Area I, Closed Area II, and Nantucket Lightship Closed Area Sea Scallop Access Areas described in § 648.59(b) through (d) are prohibited from fishing with trawl gear as specified in § 648.51(f)(1).

(7) *Transiting.* While outside a Sea Scallop Access Area on a Sea Scallop Access Area trip, the vessel must have all fishing gear stowed in accordance with § 648.23(b), unless there is a compelling safety reason to be transiting the area without gear stowed.

(8) *Off-loading restrictions.* The vessel may not offload its catch from a Sea Scallop Access Area trip at more than one location per trip.

(9) *Reporting.* The owner or operator must submit reports through the VMS, as specified in § 648.10(f)(4)(i).

(b) [Reserved]

(c) *Compensation for Sea Scallop Access Area trips terminated early.* If a Sea Scallop Access Area trip is terminated before catching the allowed possession limit, the vessel may be authorized to fish an additional trip in the same Sea Scallop Access Area based on the following conditions and requirements.

(1) The vessel owner/operator has determined that the Sea Scallop Access Area trip should be terminated early for reasons deemed appropriate by the operator of the vessel;

(2) The amount of scallops landed by the vessel for the trip must be less than the maximum possession limit specified in paragraph (a)(5) of this section;

(3) The vessel owner/operator must report the termination of the trip prior to entering the access area if the trip is terminated while transiting to the area, or prior to leaving the Sea Scallop Access Area if the trip is terminated after entering the access area, by VMS e-mail messaging, with the following information: Vessel name, vessel owner, vessel operator, time of trip termination, reason for terminating the trip (for NMFS recordkeeping purposes), expected date and time of return to port, and amount of scallops on board in pounds;

(4) The vessel owners/operator must request that the Regional Administrator authorize an additional trip as compensation for the terminated trip by submitting a written request to the Regional Administrator within 30 days of the vessel's return to port from the terminated trip; and

(5) The Regional Administrator shall authorize the vessel to take an additional trip and shall specify the amount of scallops that the vessel may land on such trip pursuant to the calculation specified in paragraph (c)(5)(i) of this section. Such authorization shall be made within 10 days of receipt of the formal written request for compensation.

(i) The amount of scallops that can be landed on an authorized additional compensation Sea Scallop Access Area trip shall equal the possession limit

specified in paragraph (a)(5) of this section minus the amount of scallops landed on the terminated trip. For example, if the possession limit for a full-time vessel is 18,000 lb (8,165 kg) per trip, and the vessel lands 6,500 lb (2,948.4 kg) of scallops and requests compensation for the terminated trip, the possession limit for the additional trip is 11,500 lb (5,216.3 kg) or 18,000 lb (8,165 kg) minus 6,500 lb (2,948.4 kg)).

(ii) If a vessel is authorized more than one additional compensation trip into any Sea Scallop Access Area as the result of more than one terminated trip in the same Access Area, the possession limits for the authorized trips may be combined, provided the total possession limit on a combined additional compensation trip does not exceed the possession limit for a trip as specified in paragraph (a)(5) of this section. For example, a vessel that has two broken trips with corresponding additional compensation trip authorizations of 10,000 lb (4,536 kg) and 8,000 lb (3,629 kg) may combine the authorizations to allow one compensation trip with a possession limit of 18,000 lb (8,165 kg).

(A) Pursuant to paragraphs (a)(3)(i)(B)(4) or (a)(3)(i)(C)(4) of this section, a full-time or part-time vessel may not take a compensation trip based on a single or multiple terminated trip(s) during the period June 15 through October 31 if the compensation trip would allow a vessel to land more than 18,000 lb (8,165 kg) or 14,400 lb (6,532 kg) (i.e., the equivalent of one full access area trip), respectively, during the period June 15 through October 31, in the Hudson Canyon Access Area and Delmarva Access Area combined. For example, a vessel that terminated a trip in the Delmarva Access Area on June 1, 2011, and intends to declare two full trips in the Hudson Canyon Access Area access area from June 15 through October 31, must wait to fish its compensation trip in the Delmarva Access Area until on or after November 1, 2011. If the owner of a full-time vessel has exchanged a trip(s) with another vessel owner(s) so that the vessel has an allocation of four combined trips into the Delmarva and/or Hudson Canyon Access Areas, that vessel may not fish for, possess, or retain more than a com-

bined total of 36,000 lb (16,329 kg) of scallops, the equivalent of two full trip possession limits specified in paragraph 648.60(a)(5)(i) of this section, during this time period from the Delmarva and/or Hudson Canyon Access Areas.

(B) [Reserved]

(iii) A vessel operator must comply with all notification requirements prior to taking an additional compensation trip, and for each such trip, must enter a trip identification number by entering the number in the VMS for each such trip. The trip identification number will be included in the Regional Administrator's authorization for each additional compensation trip. If a vessel operator is combining additional compensation trips, the trip identification numbers from each authorization must be entered into VMS.

(iv) [Reserved]

(v) *Additional compensation trip carry-over.* If an Access Area trip conducted during the last 60 days of the open period or season for the Access Area is terminated before catching the allowed possession limit, and the requirements of paragraph (c) of this section are met, the vessel operator shall be authorized to fish an additional trip as compensation for the terminated trip in the following fishing year. The vessel owner/operator must take such additional compensation trips, complying with the trip notification procedures specified in paragraph (a)(2)(iii) of this section, within the first 60 days of that fishing year the Access Area first opens in the subsequent fishing year. For example, a vessel that terminates an Delmarva Access Area trip on December 29, 2011, must declare that it is beginning its additional compensation trip during the first 60 days that the Delmarva Access Area is open (March 1, 2012, through April 29, 2012). If an Access Area is not open in the subsequent fishing year, then the additional compensation trip authorization would expire at the end of the Access Area Season in which the trip was broken. For example, a vessel that terminates a Closed Area I trip on December 10, 2012, may not carry its additional compensation trip into the 2013 fishing year because Closed Area I is not open during

the 2013 fishing year, and must complete any compensation trip by January 31, 2013.

(d) *Possession limit to defray costs of observers*—(1) *Observer set-aside limits by area*—(i) *Nantucket Lightship Access Area*. For the 2012 and 2013 fishing years, the observer set-asides for the Nantucket Lightship Access Area are 36,000 lb (16 mt) and 84,450 lb (38 mt), respectively.

(ii) *Closed Area I Access Area*. For the 2011 and 2012 fishing years, the observer set-asides for the Closed Area I Access Area are 111,540 lb (51 mt) and 36,000 lb (16 mt), respectively.

(iii) *Closed Area II Access Area*. For the 2011, 2012, and 2013 fishing years, the observer set-aside for the Closed Area II Access Area are 35,060 lb (16 mt), 67,890 lb (31 mt), and 79,600 lb (36 mt), respectively.

(iv) *Delmarva Access Area*. For the 2011, 2012, and 2013 fishing years, the observer set-aside for the Delmarva Access Area are 74,360 lb (34 mt), 36,000 lb (16 mt), and 42,230 lb (19 mt), respectively.

(v) *Hudson Canyon Access Area*. For the 2011, 2012, and 2013 fishing years, the observer set-aside for the Hudson Canyon Access Area are 74,360 lb (34 mt), 107,980 lb (49 mt), and 126,680 lb (57 mt), respectively.

(2) *Increase in the possession limit to defray the costs of observers*. The Regional Administrator may increase the sea scallop possession limit specified in paragraph (a)(5) of this section to defray costs of at-sea observers deployed on area access trips subject to the limits specified in paragraph (d)(1) of this section. An owner of a scallop vessel shall be notified of the increase in the possession limit through a permit holder letter issued by the Regional Administrator. If the observer set-aside is fully utilized prior to the end of the fishing year, the Regional Administrator shall notify owners of scallop vessels that, effective on a specified date, the increase in the possession limit is no longer available to offset the cost of observers. Unless otherwise notified by the Regional Administrator, vessel owners shall be responsible for paying the cost of the observer, regardless of whether the vessel lands or sells sea scallops on that trip,

and regardless of the availability of set-aside for an increased possession limit.

(e) *Sea Scallop Research Set-Aside Harvest in Access Areas*—(1) *Access Areas available for harvest of research set-aside (RSA)*. RSA may be harvested in any access area that is open in a given fishing year, as specified through a framework adjustment and pursuant to § 648.56. The amount of pounds that can be harvested in each access area by vessels participating in approved RSA projects shall be determined through the RSA application review and approval process. The access areas open for RSA harvest for fishing years 2011 through 2013 are:

(i) *2011*: Delmarva Access Area, Hudson Canyon Access Area, Closed Area I Access Area, and Closed Area II Access Area.

(ii) *2012*: Delmarva Access Area, Hudson Canyon Access Area, Closed Area I Access Area, Closed Area II Access Area, and Nantucket Lightship Access Area.

(iii) *2013*: Delmarva Access Area, Hudson Canyon Access Area, Nantucket Lightship Access Area, and Closed Area II Access Area.

(2) *Increase of possession limit to defray the costs of sea scallop research*. The Regional Administrator may increase the sea scallop possession limit specified in paragraph (a)(5) of this section or allow additional trips into a Sea Scallop Access Area to defray costs for approved sea scallop research up to the amount specified in paragraph (e)(1) of this section.

(3) *Yellowtail flounder research TAC set-aside*. Vessels conducting research approved under the process described in § 648.56, and in the Access Areas specified in § 648.59(b) through (d) may harvest cumulative yellowtail flounder up to a total amount that equals 0.2 percent of the yellowtail flounder TACs established annually, according to the specification procedure described in § 648.85(a)(2), and subject to the possession limits specified in paragraph (a)(5)(ii)(C) of this section. Once 0.2 percent of the yellowtail flounder TACs established according to the specification procedure described in § 648.85(a)(2) has been harvested by research vessels,

research may no longer be authorized in the applicable Access Area.

(f) *VMS polling.* For the duration of the Sea Scallop Area Access Program, as described in this section, all sea scallop vessels equipped with a VMS unit shall be polled at a minimum of twice per hour, regardless of whether the vessel is enrolled in the Sea Scallop Area Access Program. Vessel owners shall be responsible for paying the costs of polling twice per hour.

(g) *Limited Access General Category Vessels.* (1) An LAGC scallop vessel may only fish in the scallop access areas specified in § 648.59(a) through (e), subject to the seasonal restrictions specified in § 648.59(b)(4), (c)(4), and (d)(4), and subject to the possession limit specified in § 648.52(a), and provided the vessel complies with the requirements specified in paragraphs (a)(1), (a)(2), (a)(6) through (a)(9), (d), (e), (f), and (g) of this section, and § 648.85(c)(3)(ii). A vessel issued both a NE Multispecies permit and an LAGC scallop permit may fish in an approved SAP under § 648.85 and under multispecies DAS in the Closed Area I, Closed Area II, and Nantucket Lightship Sea Scallop Access Areas specified in § 648.59(b) through (d), provided the vessel complies with the requirements specified in § 648.59(b)(5)(ii), (c)(5)(ii), and (d)(5)(ii), and this paragraph (g), but may not fish for, possess, or land scallops on such trips.

(2) *Gear restrictions.* An LAGC IFQ scallop vessel authorized to fish in the Access Areas specified in § 648.59(a) through (e) must fish with dredge gear only. The combined dredge width in use by, or in possession on board of, an LAGC scallop vessel fishing in the Access Areas described in § 648.59(a) through (e) may not exceed 10.5 ft (3.2 m), measured at the widest point in the bail of the dredge.

(3) *LAGC IFQ Access Area Trips.* An LAGC scallop vessel authorized to fish in the Access Areas specified in § 648.59(a) through (e) may land scallops, subject to the possession limit specified in § 648.52(a), unless the Regional Administrator has issued a notice that the number of LAGC IFQ access area trips specified in § 648.59(a)(3)(ii), (b)(5)(ii), (c)(5)(ii), (d)(5)(ii), and (e)(4)(ii) have been or are

projected to be taken. Upon a determination from the Regional Administrator that the total number of LAGC IFQ trips in a specified Access Area have been or are projected to be taken, the Regional Administrator shall publish notification of this determination in the FEDERAL REGISTER, in accordance with the Administrative Procedure Act. Once this determination has been made, an LAGC IFQ scallop vessel may not fish for, possess, or land scallops in or from the specified Access Area after the effective date of the notification published in the FEDERAL REGISTER.

(4) *Possession Limits*—(i) *Scallops.* A vessel issued a NE multispecies permit and a general category scallop permit that is fishing in an approved SAP under § 648.85 under multispecies DAS, and that has not enrolled in the LAGC Access Area fishery, is prohibited from possessing scallops. An LAGC scallop vessel authorized to fish in the Access Areas specified in § 648.59(a) through (e) may possess scallops up to the possession limit specified in § 648.52(a).

(ii) *Other species.* Unless issued an LAGC scallop permit and fishing under an approved NE multispecies SAP under NE multispecies DAS, an LAGC IFQ vessel fishing in the Access Areas specified in § 648.59(a) through (e) is prohibited from possessing any species of fish other than scallops and monkfish, as specified in § 648.94(c)(8).

(5) *Number of trips.* An LAGC IFQ scallop vessel may not fish for, possess, or land scallops in or from the Access Areas specified in § 648.59(a) through (e) after the effective date of the notification published in the FEDERAL REGISTER, stating that the total number of trips specified in § 648.59(a)(3)(ii), (b)(5)(ii), (c)(5)(ii), (d)(5)(ii), and (e)(4)(ii) have been, or are projected to be, taken by LAGC IFQ scallop vessels.
